This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement.
4. A review is limited primarily to inquiries of company personnel and an analytical procedures applied to financial data and thus provides less assurance than an audit. A review is substantially less in scope than an audit conducted in accordance with the Standards on Auditing specified under section 143 (10) of the Companies Act, 2013 as amended and consequently, does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
